

Permanent Court Time (PCT) FAQs

- Can I sign up for 1 PCT for October and then a different PCT in November and have that only count as 1 PCT?

A: Yes, as long as you are not enrolled in both at the same time

- Can I sign up for 2 pickleball PCTs and 1 tennis PCT?

A: Yes, you can sign up for up to 2 weekly PCTs per sport

- I am an organizer. Can I only have up to 8 players?

A: You can have as many players as you like, but only up to 2 courts. For example, if the organizer wants to have 2 groups of 8, 16 total, and 1 group plays every 1st and 3rd week of the month, and the other group plays every 2nd and 4th week of the month, then that is fine with us 😊 if they want to organize 20 players in whatever configuration they like, that's fine with us. There just can't be more than 2 courts reserved.

- I play in a lot of groups every week. What should I do?

1. Choose the 2 groups you want to be a part of based on a few factors
 - Who is in the group?
 - Level of play
 - Prime time
2. Make sure the organizer of that group knows you want to be in it and has room for you
3. Book any other court times you want on a weekly basis, up to 7 days in advance (10 days in advance for Court Pass Holders), 3 hours per day.

Note: PCTs are a way to reserve court time that you think might be taken otherwise. For instance, if you like to play pickleball after work, you might want to reserve a PCT, or tennis at noon.
