

2022 Year in Review

OUR MISSION

To enrich the lives of Steamboat Springs, Colorado area residents and visitors of all ages, abilities, and socio-economic groups through pickleball and tennis.

We do this by providing premier tennis and pickleball facilities; robust recreational and training programs; and innovative engagement of under-resourced families, adaptive athletes, seniors, and other social cohorts.

2022: A Year of Progress & Promise

2022 was a year of great progress and promise. Phase 1 of our long-awaited expansion project began in June, with progress cut short by an early winter but resuming when we can see the ground again. In addition, we ended the year with a decision from our board to embark on Phase 2 in 2023, constructing the indoor Pickleball Center even though we still need to raise \$800,000. What a promising 2023 to look forward to!

Running a busy and growing Tennis & Pickleball Center is truly a team sport and the many national and regional accolades we received this year as you'll see below are a testament to the vitality of our community. We are so deeply grateful for our patrons (especially for your patience during construction), our 366 generous donors (individuals, companies and foundations), our hard-working teaching pros and staff, and our many volunteers for their crucial work behind the scenes.

We are humbled and invigorated by the dedication and enthusiasm that surround us. Thank you, and let's keep the momentum going strong in 2023!

Loretta Conway, Executive Director

Steve Modzelewski, Board Chair

OUR VISION

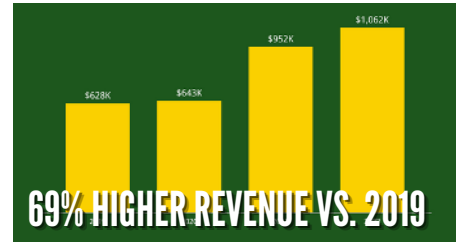

The City of Steamboat Springs Tennis and Pickleball Complex is nationally acclaimed as a public recreational treasure for its facilities and programs. A new Pickleball Center and upgraded Tennis Center will provide everyone more ways to enjoy quality recreation with family and friends, leading to improved mental and physical health, increased sense of community and, of course, fun!
